

Nastaran Eskandari

647-806-8765 nastaran.eskandari@gmail.com nastaraneskandari.ca

Junior Front-End Web Developer with a Masters in Software Development from Iran and a Diploma in Web Development from BrainStation in Toronto. I completed my Masters in 2016 and worked on various projects including an internship at an Iranian web consulting company, before immigrating to Canada and enrolling at BrainStation in 2018. I am excited to use my combined experience and knowledge from Iran and Canada to join the tech field in Toronto as a Front-End Web Developer.
